This new build from Bloomfield offers a transitional layout with all bedrooms downstairs, a large backyard with a covered patio, and timeless designer-selected finishes. Major curb appeal on this one! The unique, architectural stone & brick exterior is complemented by a custom 8' front door and professional landscaping. Inside you're greeted by an elegant foyer featuring glass French doors leading into the Study. For anyone who likes to cook, the Deluxe Kitchen comes with an ideal island layout, gas cooktop, wood vent hood, and built-in microwave & oven. The finishes are perfectly on-trend too: Quartz Countertops, granite countertops in both baths, Laminate Wood floors, upgraded tile & carpet, and a wood-burning Stone Fireplace. The huge Primary Suite downstairs has a sitting area. Lots of storage from large closets and the 2.5-car garage with extra space! Mortgage assistance is available.
